Junior Auxiliary is a national non-profit organization that encourages members to render charitable services that are beneficial to the general public with particular emphasis on children. This year, the members of Junior Auxiliary of Vicksburg have carried out these eight service projects:

- **Camp Silvercloud** – members implement a camp in the summer for mentally and physically challenged children.
- **Children's Shelter** – members provide activities, parties and babysitting for children living at the Warren County Children's Shelter.
- **Community Outreach** – helps needy families, especially underprivileged children, in our community primarily by providing shoes, clothing, and other basic items needed; assist the VWSD's School Social Workers by supplying items for the clothes closet and fulfilling special requests as needed for disadvantaged children. A benevolence fund is also included to assist with families in times of emergency/disaster.
- **Family Development** – members provide young disadvantaged mothers and children with the knowledge, skills, and supplies necessary for quality child rearing.
- **Helping Hands** – child welfare project where members adopt a family/families in need of basic necessities such as food, clothing, shelter, and/or emotional support. An ongoing relationship of commitment and support is established until the family becomes self sustaining and is no longer in need of the basic necessities.
- **INK** - members partner with 4th graders developing a pen-pal relationship. 4th graders are required to take a state-wide writing assessment. This project helps increase the student's writing and language skills as well as their self esteem giving them an outlet to exchange personal thoughts, stories, and experiences.
- **LEAP** – teaches nutrition and fitness to school-aged children promoting healthy choices.
- **Literacy** – promotes literacy and enhances a child's love of reading while helping increase test scores, self confidence, and their ability to read.
